This letter responds to your request for information regarding EC Directive Restricted Substances on the products shown above. This declaration is being made by PolyOne on behalf of Spartech Corporation during the transition period subsequent to the sale of the business. The following statements are in support of your request.

Based on the information provided by raw material suppliers and our formulation reviews, we have found that the products listed above do not contain RoHS/WEEE substances at or above listed concentrations and would therefore be in compliance with the European RoHS/WEEE regulation. Please note that we do not routinely test for these materials. We certify that we do not intentionally add or use these materials in the manufacture or handling of the above product, at or above restricted concentrations.

The information submitted is valid as of the date of this letter for products manufactured in North America. We makes no representations or warranties as to the accuracy of the information contained or referenced herein as of any other date. If you have any questions concerning this matter or if we can be of further assistance, please do not hesitate to contact us. Please contact your Sales Representative should you need additional product support.

Sincerely,
